About the Institute

Matoshri Shaikshanik Pratishthan, Ane was established in the year 2010 under the dynamic leadership of President Mrs. Manali Lakshmi Aher with an objective of providing quality education in rural area. Matoshri Shaikshanik Pratishthan offers education in Engineering, Pharmacy, Diploma (IT) and School Education from Kindergarten to higher secondary. Rajiv Gandhi College of Engineering (RGCOE) is approved by AICTE New Delhi, recognized by DTE, Government of Maharashtra and affiliated to Savitribai Phule Pune University, Pune. RGCOE was established in the year 2012 with a vision to create Engineers having the skill and confidence to become the pillars of tomorrow. The institute offers different undergraduate courses in Mechanical, Electrical, Computer and Electronics and Telecommunication Engineering. The institute is located in a wide spread beautiful campus and providing an ideal and healthy environment for learning and living. The campus is delightfully planned and splendidly landscaped with impressive building, lawns and playground. Presently institute is planning various technical and social activities with the aim of improving human life and growth of environment.

Location:

Institute is located on the Akhrottagar Kalyan Highway (NH 61) and is about 45 km from Ahmednagar Railway Station. It is also well connected to Pune-Nashik Highway and distance from Nashik Bus stand to college is about 30km. About the Workshop

Sponsored by

Savitribai Phule Pune University, Pune

Organized by

Rajiv Gandhi College of Engineering, Karjule Harya

Workshop on "Android Application Development" aims to impart technical and practical knowledge regarding app development in Android to students and future engineers. Android is a very popular and powerful OS created by Google for use on mobile devices, such as smartphones and tablets. It supports large number of applications in Smartphones. These applications are more comfortable and advanced for the users. The android is an open source operating system means that it's free and any one can use it. The android has got millions of apps available that can help you managing your life and in other way and it is available low cost in market at that reasons android is very popular.

In this workshop students will get a chance to use their coding skills in Android Studio.

Expected Outcome and Benefits

- 1) Getting Practical knowledge for android app development
- 2) Insights about Android development Technology.
- 3) Create impressive apps for business.
- 4) Create user interface for Android app
- 5) Build application using Android platform

Eligibility for Workshop

All the UG Graduates and Post Graduate Students and faculties of all branches of Engineering and Industry Professionals are eligible for this workshop.

Invitation Letter

To,

Mr. Mr. Vaibhav Mhaskar

Synechron Technologies Pvt.Ltd.

Subject: Invitation to Conduct Workshop on Industrial Robotics and Artificial Intelligence.

Respected sir,

The Department of Computer Engineering is pleased to invite you to Conduct workshop on Industrial Robotics and Artificial Intelligence 'on 2nd Jan 2023 to 7th Jan 2023. The objective of this session is to convey importance of Robotics and Artificial Intelligence. Your experience will definitely helps our students to discover new opportunities in the Foreign university.

We look forward to a positive response from you soon.

Thanking You.

With Regards,

Workshop on Industrial Robotics and Artificial Intelligence.

Syllabus

The following points were discussed during the Value Added Courses

- The functional areas of AI systems such as planning, robotics, machine learning concepts, deep learning concepts and neural networks are discussed.
- Integration of design, manufacture and delivery via computer technology are explained.
- The essential concepts for a fundamental programming language such as Thinking, acting, and optimal and human processes are explained.
- Robo studio software discussed for creating the model and modifying the process during the manufacturing stages.
- Cluster, anaconda navigator web sources are explained for using the real-time application in Artificial intelligence.
